

Election Day Word Search Printables

Teacher guide | Wormly's World

What is in this packet

Eight word search puzzles for Election Day, two sets (A and B) at each of Wormly's four reading levels, plus answer keys. Every page is black and white and prints cleanly on any printer or copier. The words are the same Election Day words used in the online word search, so students can play online and then work on paper.

Levels at a glance

Level	Words	Grid	Word direction	Pages
Beginner	6	8 x 8	Across and down	2 and 3
K-1st Grade	6	8 x 8	Across and down	4 and 5
2nd-3rd Grade	8	12 x 12	Across and down	6 and 7
4th-5th Grade	10	15 x 15	All directions, backwards too	8 and 9

Using the puzzles

- Read the word list aloud together before students start. Hearing a word, seeing it, and then finding it builds the link between sound and spelling.
- Students circle each word they find in pencil, then cross it off the list. Ask them to say the word out loud each time.
- After finding a word, ask students to use it in a sentence, such as where they have seen a flag or a ballot.
- Set A and Set B use different words, so partners or small groups can work on different puzzles and compare.
- Answer keys are on pages 10 and 11. Keep them for the teacher.

Printing tips

Print in black and white at 100 percent, or Actual size, on US Letter paper. Print only the pages you need, for example pages 6 and 7 for the 2nd-3rd grade puzzles.

Standards

The standards for each level are written out under the online word search for Georgia, North Carolina, Michigan and New York.

Content note

The puzzles use civics vocabulary only. They do not name any candidates or parties.
