The answer is _____

Trade riddles with a friend. Set each other's clocks!

Teacher Key

FOR TEACHERS

Page 1: Clock and Date Riddles

1. Quarter to 4 is 3:45. Three days before Halloween is October 28.
2. Half past 1 is 1:30. The day before Halloween is October 30.
3. Quarter past 6 is 6:15. The day after Halloween is November 1.
4. Ten minutes to 9 is 8:50. One week before Halloween is October 24.

Pages 2 and 3: Animation Milestones

The correct order from oldest to newest is 1892, 1908, 1914, 1928, 1929, 1937, 1995, and Today.

1892 The first public animation show. 1908 Fantasmagorie. 1914 Gertie the Dinosaur. 1928 Steamboat Willie. 1929 The Skeleton Dance. 1937 Snow White and the Seven Dwarfs. 1995 Toy Story. Today Animation keeps going.

Page 4: Flip Book

Students cut on the dashed lines, stack the cards, and staple the left side. They flip the book for one second and count the pictures they saw.

Page 5: My Time Machine Riddle

This page is open ended. Students draw their time machine, pick a date and time, and write a riddle with an answer. They trade riddles and set each other's clocks.

Skills practiced

Telling time to the quarter hour and nearest five minutes. Counting days before and after a date. Putting events in order. Writing a riddle.
